CAUTION:

- The RAL numbers indicated are only approximations [] and may, in some cases, differ greatly from the original PREFA colour. They may not be a true reflection of the subjective perception of colour.
- Particularly with the P.10 paint quality, it is difficult to precisely define the number due to the nature of the surface structure. In addition, the colours P.10 stone grey, P.10 sand brown, P.10 patina green, natural oak, patina grey, walnut and grey oak are based on natural colours made up of several different shades.

Therefore, we recommend obtaining original samples so that you can gain an idea of the exact colours of complementary components.
